To Whom it may concern – Jade Louden

I recently employed Jade as an intern art department assistant on a film I was producing and we were filming to the north of Glasgow. Jade didn't ask me to write this reference, but I felt that I should on the basis of her hard work and diligence throughout the shoot, and to let any prospective employers and/or colleges know what a gem Jade is.

Put simply, Jade was an asset to our crew from day one. Although she had little experience she was attentive and eager to learn. She had exactly the right attitude and never once lost focus or passion for the project.

I have worked in this field for many years, and have over 35 feature films to my credit, and I know how hard it is to find the right people, with the right attitude for this line of work.

It is my belief that should any employers/colleges be looking to choose an able and diligent candidate for their project/course, then they would do well to consider Jade Louden.

Sincerely,

Danny McGrath
